Summary

www.linkedin.com/in/wojciechsoczyński <https://wojteksoczynski.vercel.app/pl>

Junior Project Support

Junior Project Support with experience in client-facing roles, onboarding, documentation, and collaboration with technical teams. Supported software delivery processes and worked with structured requirements in open-source environments. Comfortable working with data, coordinating multiple tasks, and translating complex technical concepts into clear communication. Interested in healthtech and AI-driven solutions that improve operational efficiency.

Experience

OMNIVISER | Warsaw

AI intern | 08/2025 - 11/2025

- Collaborated with technical team in open-source workflow (PRs, code reviews).
- Produced structured documentation and usage examples to support product adoption.
- Worked with defined requirements and ensured clarity before implementation.
- Gained practical understanding of software delivery timelines and cross-team coordination.

Reago Training | Warsaw

Office Assistant & Technical Support | 01/2023 - 11/2025

- Delivered onboarding sessions and product demonstrations for end users.
Supported operational processes and ensured accuracy of internal documentation.
- Verified equipment deliveries and maintained process consistency.
- Translated technical manuals (EN→PL), simplifying complex content for users.

Mathematics Tutoring | Warsaw

01/2022 - 11/2025

- Worked directly with clients to identify needs and tailor individual learning plans.
- Communicated complex topics in a clear and structured way.

Certificates

- Building LLM Applications With Prompt Engineering (NVIDIA)
- Building RAG Agents with LLMs (NVIDIA)
- Cambridge English Advanced (CAE)
